Cherry Creek Village Roof Construction Update

November 29, 2024

Hello CCV from your CCMG construction team. We have set up a webpage for communications with the community. It can be accessed through this website:

www.ccmgpro.com/ccv

or through the QR code below. We will be placing yard signs throughout the neighborhood with the QR codes for all the residents to have easy access to communications, contact information and the construction schedules.

Please check back here next week as we will set schedules and construction commencement.

Thanks,

The CCMG team
